

Optical Manager

Virtual OfficeWare Healthcare Solutions enhances your GE Centricity™ Practice Management investment with integrated value-added solutions.

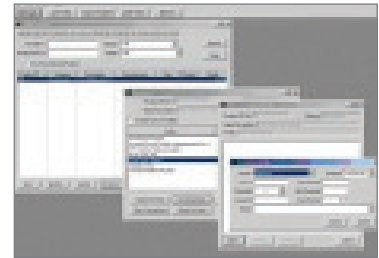

Benefits & Value

- ◆ Integrates patient information and order tracking
- ◆ Integrates claim data with the Centricity Practice Management billing component for submission
- ◆ Generates bar-coding and reader inventory control
- ◆ Provides adaptable reports for Sales, Accounting, Productivity, Receivables, and Inventory
- ◆ Offers Sales Data Analysis and Marketing tools
- ◆ Provides lens ordering and service agreements
- ◆ Controls access to sensitive patient data

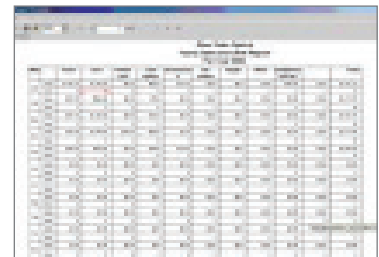

Optical Manager is a complete solution for the optical professional. Seamless integration with the Centricity PM administration and patient information components eliminates redundant data entry and enhances workflow for the Optical/Optometric business.

Optical Manager is an innovative and all-in-one optical solution that efficiently manages tasks between the medical office and the optical dispensary. Easily identify and follow order trends, sales productivity and inventory through standard reporting.

Run your optical shop seamlessly with Centricity. Gain added functionality to better serve your patients and your business transactions. ◆
